## MONTHLY REPORT

25X1

PAR 212

31 Mar 65

SUBJECT: Color Acquisition System Review Study

## TASK/PROBLEM

1. Investigate color photography as a possible anticipated intelligence medium. Investigation should cover the capability of present and possible future acquisition systems in an attempt to predict future requirements to support exploitation and data reduction of the collected color photographic intelligence material.

## DISCUSSION

2. Work to submit a final report instead of an interim report is underway. The efforts already expended for the initiation of the originally planned interim report are being incorporated into this final report.

## PLANNED ACTIVITIES

3. Complete and issue the final report. Include in this report the available information on color acquisition materials and exploitation requirements per customer guidance given at meetings on 10 June, 18 August, 6 October, and 17 November 1964.
